Rent Lowered; Club 4 Saved

Apparently Club No. 4 Metropolitan Police Boys and Girls Club will not be faced with a threatened rent increase that would have put them out of business in Southwest/Southeast. Club Director Officer S. Parry reports that a meeting was held at the school system's buildings and grounds office that decided on a rent of \$13,000 a year.

Thanks must go to many who helped avert the crisis. The SW/SE ANC 2D had passed a resolution in support of the club and offered to send a commission member to meet with the school system. Board of Education President R. David Hall had gone to bat for the club as soon as he heard of the danger.

20th Birthday For Harbour Square

Cutting the birthday cake at the 20th Anniversary Gala of Harbour Square, at 4th and N S.W., is Mrs. Chloethiel Smith, architect for the project. For photos of the gala, see pages 4 and 5.

Vera White Wins Post Award

Vera White, principal of Jefferson Jr. High of S.W., was selected as the one principal in the District of Columbia public school system to receive one of 14 Distinguished Educational Leadership Awards made to school systems in the Washington D.C. area by The Washington Post. One principal "who goes beyond the day-to-day demands of the position to create an exceptional educational environment."

The program for the awards ceremony states:

"The recipients of this year's awards are strong leaders, effective administrators, committed and knowledgeable educators, and most of all, warm and humane people. Each has a vision that inspires and directs teachers, students and the community to lead their school to excellence."

Mrs. White, who is enrolled in the doctoral program of the University of Massachusetts, Amherst, came to Jefferson Jr. in 1976 and became principal in 1980.

The award winners will take part in a seminar on effective educational leadership at Stanford University in California in May.

DRAWING OF DR. KING
BY DON MILLER

Dr. Martin Luther King, Jr. Holiday Mon., Jan. 19

The national holiday in honor of Dr. Martin Luther King, Jr. will be on Monday, January 19 in 1987. One of the many programs in his honor will be A Salute in Word, Song and Dance with a black tie reception on Sunday January 18, 1987, from 5:30 to 8:30 pm at the Martin Luther King Memorial Library, 901 G St. N.W. For details and ticket information, call 727-1101.

ANC Endorses Bottle Bill

SW/SE ANC 2D has joined many other neighborhood commissions in endorsing a proposal to be on the November 1987 ballot in D.C. to put a five cent refund value on all bottles and cans for beer and soft drinks. Nine states have similar legislation, according to the bill sponsors - Michigan, Oregon, Vermont, Maine, Iowa, Connecticut, Delaware, Massachusetts and New York. Litter is reduced, tax dollars are saved and new jobs in recycling are created, they say.

Capper Defeats S.W. In F.B.

Quarterback Resial Shannon completed 25 of 30 passes for 376 yards and one touchdown, but still S.W. was not able to prevent an upset by Capper.

The S.W. Broncos were on their 37 yard line. Shannon handed it to Calvin Turner, who broke three tackles and went 42 yards to the Capper 29 yard line. Later Shannon hit Reginald Sweitzer at the five yard line. Sweitzer's goal and the two point conversion by Calvin Turner put S.W. ahead 8-0.

Capper quarterback Dana Robinson tried to reach wide receiver Mark Napper, but the play was broken up by S.W. safety Anthony Chandler.

On third down and two, Quarterback Dana Clark rolled out to his left and

hit Dwayne Holmes, who raced down the sidelines, jumped over S.W.'s Shannon and scored. The two point conversion failed.

For S.W. Turner and Switzer made gains, but on fourth and three on the S.W. 45 yard line, Shannon faked Calvin Turner up the hole and started rolling to his right, but was immediately sacked by Rick Maybell.

Capper's Mark Napper completed a pass for a touchdown and Capper led 12-8.

The kickoff was run back by Sam Carson to the Capper 47 yard line with 1:47 to play. On third and 6 at the Capper 18 yard line Shannon threw a pass to Anthony Chandler, to put S.W. on the two yard line, but it was called back for holding. Shannon threw the ball to Sam Carson on the six yard line but he was tackled in bounds and the clock wound down. Capper won 12-8.

Youth Summer Jobs Successful

Left to right: Isabella Gelletich, Chair of SWNA Youth Task Force, Wyatt Green, Norris Coles, Ronetta Purvis

In celebration of a successful summer jobs program, the Youth Task Force of S.W.N.A. met to give awards and get suggestions from the youth and counsellors.

Suggestions included a variety of speakers, breakfast before the Saturday morning meetings, and stricter attendance standards. Better matching between the worker and the job was suggested.

Savings bonds were awarded to three youth with high ratings from their employers. Norris Coles and Wyatt Green, who worked at the American Bar Association office, and Ronetta Purvis.

Gardens of the Caribbean is the subject of a slide presentation by Gloria Houser at the January 13, 1987 meeting of the Capitol Hill Garden Club at 7:30 pm at the Capitol Hill United Methodist Church 5th and Seward Square, SE, near Pennsylvania Ave. S.E. For information call 543-6325. Men, women, couples, singles - some from Southwest - for the membership.

Riverfest '87 June 6, 7

Riverfest will be held in Southwest Saturday and Sunday June 6 and 7, 1987, and on the Georgetown waterfront on the same days. It will move to Anacostia the following weekend.

Alexis Roberson, Vice Chair of the Festival, noted that the police counted over one million visitors last year, plus the 140,000 who swarmed over the 23 Tall Ships which called at the Port of Washington along Maine Ave. S.W.

Doubling the locations for the festival will make for a smoother flow of traffic. The parks between the restaurants could be used for arts, crafts and demonstrations of nautical activities if the entertainment stages were elevated.

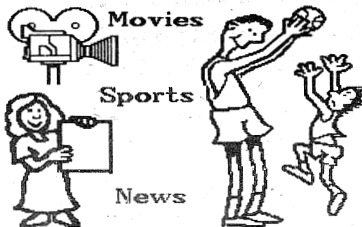

Volunteers are needed. Mrs. Roberson will hold meetings with all elements of Southwest, including the waterfront businesses, resident groups, the S.W. Neighborhood Assembly and ANC.

Scenes From Syphax

Students Pick Books To Own

Clifford The Red Dog At Syphax

Syphax Elementary School was the scene of a 20th anniversary visit by Reading Is Fundamental, a program started by a book distribution in the Syphax building 20 years ago.

Clifford The Red Dog books were distributed free to the school children, along with other books of their choice. Author Norman Bridwell was on hand, as was a human size Clifford.

The Value Of Self Discipline

(Excerpts from a speech by Councilman John Wilson)

Today's theme is "Try self-discipline ... It works!" and I am here as a living example that it does.

...I grew up on Maryland's Eastern Shore in a place called, Princess Anne. My mother died when I was in the first grade, so I was raised by my grandmother.

...I used to complain because my grandmother "stayed on" me. She always was telling me to do this, do that, don't do this, don't do that... You know the type. She constantly nagged me about school because I didn't like school and didn't have good grades. So she was always on me about school. She always preached about being disciplined and studying.

...I didn't listen to her. I just thought she was some old lady who didn't know what she was talking about.

Then, when I was sixteen, my grandmother died. Suddenly, I missed that nagging old lady. Her death was extremely difficult to deal with, especially after having lost my mother. I just felt so alone. As we all do, I had taken it for granted that my grandmother would always be there.

...Fortunately, I was taken in by my basketball coach and his wife. And I soon realized that my grandmother did know what she was talking about.

...Although my new family was wonderful, they would not tolerate any foolishness as my grandmother did... I soon saw the value of being disciplined and studying. My grandmother had always said that "education was the key to everything," and I soon learned that it was. I became an honor roll student while playing on the basketball and football teams.

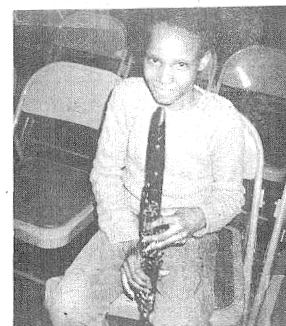

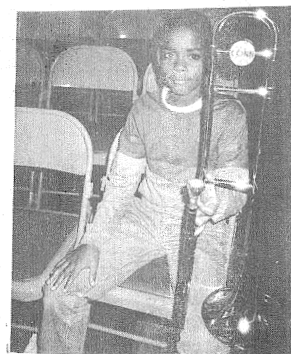

...Because of my grandmother's teachings...I was able to continue on to college and become a leader in the civil rights movement. Because I am disciplined, I am able to be with you here today as a four term member of the city council.

Self-discipline is the basis for success... It means going home and studying at night instead of watching "The A-Team." It means putting in the extra hours on your science project even if you hate science... It means not spending your lunch money for the week on Monday... and it means sitting through speeches like this one and not fidgeting or looking bored, even if you are.

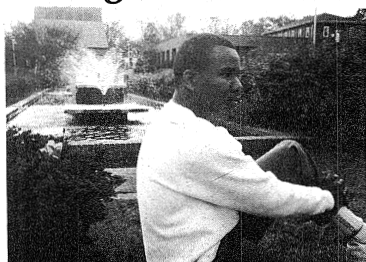

Self discipline means being in control and it begins right here at Syphax Elementary School.

Election Victories For Blacks

Getting ready for a press conference of the National Black Leadership Roundtable to report on results of the November election are: (left to right) Leonard Ball, staff of the American Federation of State, County and Municipal Employees (AFSCME); Carl Holman, President, National Urban Coalition; Bill Lucy, Secretary-Treasurer of AFSCME; Jesse Jackson; Edward C. Sylvester, Jr., Staff Director, House Committee on the District of Columbia - a Southwest resident; and Congressman Walter Fauntroy.

The Roundtable is the "national network vehicle of the Congressional Black Caucus." It had aimed at adding five black Members to the House. It was successful with three - Mike Espy of Mississippi who defeated Webb Franklin, Floyd Flake replacing Joe Addabbo, and John Lewis of Georgia replacing Wyche Fowler. A fourth new black Congressman, Kweisi Mfume of Maryland replaces retiring Rep. Parren Mitchell, a black.

It also aimed at determining the outcome of races for the U.S. Senate in ten states. A substantial black voter turnout was a influence in all ten states and definitely made the

difference in defeating reactionaries in four states - Alabama, Georgia, Louisiana and North Carolina. In Cal. blacks also "made a critical difference in the narrow reelection victory of Sen. Alan Cranston."

Jesse Jackson being interviewed.

Louise Taylor visits the voting booth at Precinct 129 in Jefferson Jr. High with students in Jefferson's Civic Awareness and Political Participation Program (CAPP) which she directs. Precinct Captain Iona Hargrave guided the students through the steps in casting a vote.

As local newspapers and political analysts look at data to decide what the November vote means for residents of the District, CAPP members will also study the data from the perspective of youth. Members of the community will assist the students in their research activities.

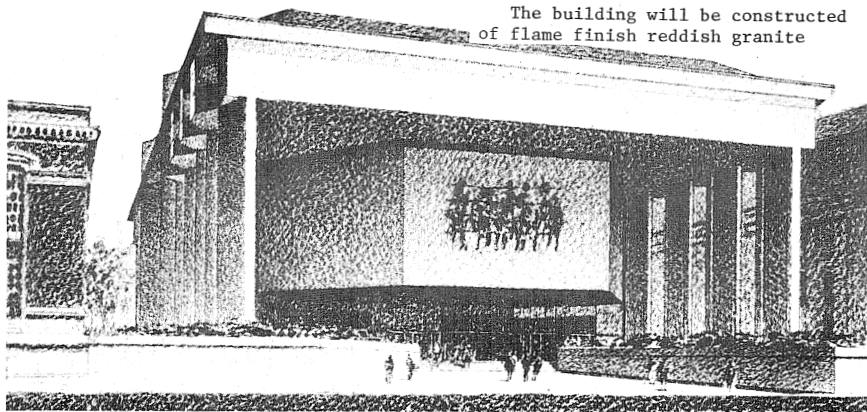

Holocaust Museum For S.W.

The U.S. Holocaust Memorial Museum will be built in Southwest south of the Auditors Building at 14th St.

and Independence Avenue, opposite the Washington Monument Grounds. It will be a permanent living memorial/museum to the victims of the Holocaust. It will alert the world to threats of genocide against any people any place in the world.

The building will be constructed of flame finish reddish granite

United For Excellence

A \$7,220,000 contract for renovation of the historic Auditors Building at 14th and Independence Ave. S.W. has been let by the General Services Administration to Grunley-Walsh Construction Company, Inc. 12221 Parklawn Drive, Rockville, Maryland 20853.

"School and Community: United for Excellence" - by Jesslyn Ingram of Jefferson Jr. High.

For years, continued efforts have been put forth to improve the quality of education in our schools. None, however, have been as productive and as successful as the interaction between school and community. If the school and community stand in isolation, both suffer, but if the school and community relations are strong and effective, the education of the youths will be of the highest caliber.

A few ways in which schools can go about opening themselves to their communities and encourage collaborative links are as follows:

First, Recruiting Human Resources. Extensive opportunities should be made available for volunteers to give of their time and experience. Citizens are needed for clerical duties in the office and library, to serve as nurses' assistants, to come into the classroom to teach about their special skills, to offer individual help, and to become confidants of youngsters.

Second, Public Relations. In this area, a strong parent/school organization is a "must." Organizations such as these should keep the community informed about the schools' needs and activities. As people come to know the school, ignorant criticism diminishes. Instead of hiding school problems from the community the schools should turn the community into a resource to help solve problems.

Third, Community Service. Not only must the community come into the school, but the school must also go into the community. The school can send musical "ambassadors" into nursing homes and participate in bikeathons, walkathons, or other activities for charitable organizations.

Fourth, Financial Resources. The schools need the financial resources of the community. Money is needed for athletics, awards in citizenship, scholarship, and attendance, and special programs in academics and performing arts.

Fifth, Building an Identity. Finally, if citizens become actively involved in decision making, the community develops an identity by having a much stronger sense of ownership of its schools. A school's identity is developed through strong social organizations such as alumni associations. Nothing generates more motivation than for a student to hear someone say with enthusiasm, "That's my school!"

These five examples are enough for us to see that the schools cannot do the full job of educating its students alone. Educational activities should be designed to occur within the context of the community, as well as within the formal settings of the school. In other words, we are in need of "educative communities."

I conclude with this simple message from Jefferson Jr. High School to the Southwest community: "We want to know you, and we want you to know us. Let's unite for excellence in education."

Navy Donates to WIC Mothers

The Department of the Navy has recently donated health items and manufacturers' food coupons for distribution to recipients of the WIC (Women, Infants, and Children) program at both the Arthur Capper and Anacostia Health Centers, according to WIC nutritionist, Michelle Cooper. Ms. Cooper says "wise use of these items will reduce WIC participants' out-of-pocket expenses."

Jose Freeman At Tennessee State

Jose Freeman

Former Ballou High School football player Jose Freeman will be running alot and lifting weights and playing Spring football now that he has returned to Tennessee State University from his holiday visit to Southwest.

As a freshman he has been red shirted, but will be trying for a place on the varsity team when competition starts next fall.

He seems to have added some weight and height to his 6 ft. 4½ in. frame since he played tight end and wide receiver last summer in the D.C. High School All Star game at Cardozo field.

His grade average is a comfortable 2.5 at Tennessee, well above the 2.0 required for varsity sports. He credits that partly to Tennessee not being a partying school, like some others. He lives in the athletic dormitory.

There are three football players from the D C area at Tennessee and a number of former Cardozo High students on the swim team. Four varsity football players were seen in December at RFK Stadium in the Liberty Bowl game. The University will be competing in the Ohio Valley Conference in the future.

After almost thirty years, Margaret Weatherford, Christ Church's secretary, has retired. Margaret's secretarial work actually predates the existence of Christ Church. She was an active member and secretary at Lewis Memorial Methodist Church prior to its 1961 merger with Gorsuch Methodist Church to form what is now Christ United Methodist Church.

Margaret was honored with a packed house reception at the church following worship service on Sunday, January 11. Congratulations and good luck, Margaret!

Architectural model of the Portal Site in Southwest.

Portal Site Negotiations Continue

Negotiations are continuing between the developers and the District government over the vacant land at 12th St. and Maine Ave. S.W. known as the Portal Site. The following is an excerpt from the annual report of the D.C. Department of Housing and Community Development:

In September 1985, the Board authorized negotiation of an Exclusive Right Agreement with Portal Development Associates for preparation of a development proposal for the Southwest Portal Site. In January 1986, the Exclusive Right Agreement was executed. During the remainder of 1986, District of Columbia departments carried out technical studies related to development issues in connection with this large proposed mixed use development at this strategic gateway site to the District. It is expected that negotiations with Portal Development Associates will continue into 1987. It should be noted that the Board's selection provided that, in the event that negotiations with Portal Development Associates were unsuccessful, negotiations would start with the second selected development team without re-offering the site.

ANC Meeting

Johnny Barnes, prominent attorney on the staff of Congressman Walter Fauntroy, will discuss Statehood for Washington, D.C. at the SW/SE ANC 2D meeting at 7:30 pm Monday, Mar. 2 at Westminster Church, 400 I (Eye) St. SW.

The tentative agenda for the March 5 meeting of the National Capital Planning Commission includes adoption of an urban renewal plan modification for the Portal Site, but Lawrence S. Press, chief of a planning division within DHCD expressed doubt that negotiations will be complete in time. The same item was withdrawn from the agenda of the February meeting of NCPC.

The brochure for the developer's proposal included a 600 room hotel, four office buildings, specialty retail shops and fine restaurants, a community, health and recreation center including meeting rooms, day care facilities, a stage and health club/recreation center, 1,185 underground parking spaces. It would provide 9,500 permanent new jobs (with more than 40% expected to be District residents), a training program to identify and provide training to the available labor pool, primarily in the SW/SE community and among public-housing residents, and cultural programs - performances by local arts groups.

ANC 2-D has asked the city to include in the development contracts community space, payments to the community, and penalties for unsatisfactory performance of social plans and objectives.

After approval by NCPC in a public meeting, a change in the S.W. Urban Renewal Plan would be taken up by the D.C. Council at public hearings and adoption voted on by the Council.

Safeway, Mall, Senate Drycleaners At ANC

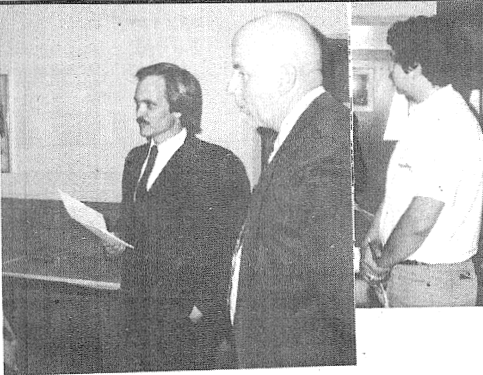

The manager of the Waterside Mall and two businesses appeared before the SW/SE ANC 2D to answer questions about service and security measures.

Safeway responded to questions about the freshness of meat and of produce, the number of checkers on duty at times, and the courtesy of security people.

The Safeway at Waterside Mall is 18th of 155 in the region in sales and 3rd of 155 in number of customers. This Safeway is one of the few grocery stores where you have to pay to park. Parcel pickup is a joke. In the

snowy week in January the store did more business than during the Hannukah-Christmas holiday period. This may indicate that Southwest/Southeast residents were shopping locally because they couldn't get to their normal grocery shopping sites. A suggestion box is kept by the door.

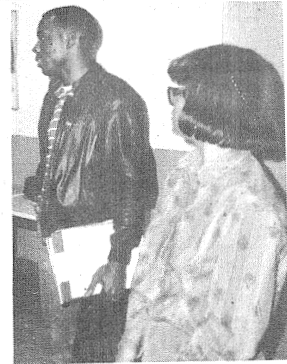

Cadenas, manager of Senate Cleaners, reported that part-time and full-time employees are needed at plants in his system, but he was not sure of the pay scale. The owner is David Stern, 588-0557. Questions to which he responded involved the odor from clean-

ing fluid, special service and charges, discourtesy by employees. He was urged to post his rules and regulations.

Mr. Jones, manager of Waterside Mall was sure he had the authority to bar children from the Mall from 8 am to 4 pm because no one had ever arrested him for doing it. He feels the rule is necessary to prevent swarms of children from bothering shoppers and destroying bathrooms. His security force has 136 pictures of shop lifters.

Explaining the OSAY program of the D.C. Recreation Department is Vernon Gudger, left of the 203 N St. SW office, and Janice Williams of the 915 3rd St SE office. The program is patterned after the former Roving Leaders program.

Police Advisory Mar. 3

The Grand Jury process will be discussed at the meeting of the Citizens Advisory Council for Police District 1 at their first Tuesday of the month meeting March 3 at 7:30 pm at 415 - 4 St. S.W.. All are welcome.

Pupil/Teacher Ratios In S.W.

The D.C. Public Schools have published the pupil/teacher ratios for elementary schools during the school year 1986-87 as required by the U.S. District Court.

The city-wide ratio was 19.5 pupils per teacher. In the ANC-2D area the ratios were 20 pupils per teacher at Amidon, 18.9 at Bowen, 17.9 at Syphax, and 17.9 at Van Ness.

SWNA Elections (Cont'd from P. 1)

In the election for District representatives the candidates with the highest votes shall be the winners. If there are not two (from District 1) or three each (for Districts 2, 3, and 4) with higher votes than any other candidates in that District, the two or more candidates with the same vote totals will toss a coin to determine the winner, or do so by lot, unless there is a run-off election for an officer, in which case there will also be a run-off election to choose the District Representative from among the tied candidates.

In order to have your name printed on the ballot, and in the next Southwester, names must be submitted no later than March 7. In order to do that, call 863-0417.

Don't Sell FHA, Report Says

Housing and Urban Development Secretary Samuel R. Pierce released a task force report recommending against the sale of the Federal Housing Administration (FHA).

"The FHA has helped millions of families -- especially young, first-time homebuyers -- realize the dream of homeownership," said Pierce.

However, the Task Force noted that upper-income families, non-occupant investors, and vacation homebuyers may be adequately served by the private sector.

Southwester Tries New Delivery System

-by Grace Savage, Distribution
The Police Boys and Girls Club No. 4 has been delivering Southwesters to residences in Southwest and Near Southeast for some years, first when Officer Willie Borden was director, and more recently with Officer Samuel Perry in charge. One advantage of this arrangement was that it provided some income for the club and some of its members. However, the primary purpose of the club is athletics, and there is a conflict between the two purposes, particularly during the basketball season. We thank the club and its members for services rendered.

This issue of the Southwester is being delivered by a different combination of paid and volunteer services on an experimental basis. The Southwest Distribution Service, in part as a community service, will deliver the Southwester along with the Washington Post in those areas where it has a substantial number of Post subscribers. In other areas of Southwest and Southeast Jim Jones has volunteered to supervise paid helpers in making deliveries to residences this month.

Questions or suggestions about distribution may be addressed to Grace Savage 554-3474.

Non-residential deliveries, and some bulk residential deliveries, will continue to be made by volunteers.

Perry Carter

"Maine Man In NE"

Headlines in the February 2, 1987, issue of Basketball Weekly told of Southwest resident Perry Carter who is attending Maine Central Institute in Pittsfield, Maine. The story says: "Carter, No. 9 on Basketball

Weekly's list of the country's top 75 seniors, decided to leave Washington D.C. Gonzaga and play for Maine Central after it was ruled he was just over the age cutoff to continue playing in Washington.

"Gonzaga's loss was a big gain for Maine Central Coach Paul Pellicani. Through the school's first nine games - seven of them victories - Carter was averaging 25.8 points and 18.3 rebounds a game while shooting 51.2 percent from the floor and 77 percent from the free throw line. Pellicani emphasizes that the rebounding figure is not at all deceiving.

"Perry's a great rebounder," he said. "He's a good offensive, not a great offensive player, and he's a great rebounder. He has great instincts and the physical talent to finish it."

Carter has improved his ballhandling and has increased the range on his jump shot to 17 feet, which is forcing defenders to play him closer and in turn lets him take better advantage of his great first step.

"Carter, an honor roll student, has visited Connecticut, Duke, and Ohio State and plans to visit Boston College and Villanova."

Jews should participate in the struggle against racism and honor the civil rights leader who died in the defense of the cause, she said.

The Temple helped in a SW food drive for the needy and served food at the SOME Kitchen for the homeless.

Jim Vance At D.O.T.

Jim Vance spoke at D.O.T.

by Zelda Carter

"We have to educate our children to understand the importance of being educated. Families do not have that bond we had long ago," stated Jim Vance, Co-Anchord/Commentator at WRC-Channel 4 at the D.O.T. Black History Month program. The theme was "A celebration of an American Treasure - the Investment in Black Higher Education."

The role of Black men in the history of America as related by Vance stressed higher education to compete in our competitive society.

Vocalist Regina McConnell and her piano accompanist Clyde Parker lightened the mood with beautiful songs composed by prominent artists.

The program was prepared by The Federal Highway Administration, Maritime Administration, Office of the Inspector General, Research and Special Programs Administration and the Urban Mass Transportation Administration in D.O.T.

Townhall Meeting March 26

Three square blocks on Buzzard Point between Q St. S.W. and T St. S.W. would become offices and apartments under a proposal being made by developers. Residents of Southwest are urged to attend a town meeting to discuss this plan Thursday March 26 at 8pm at St. Matthew's Lutheran Church, 3rd and M St. S.W. The meeting is sponsored by Advisory Neighborhood Commission 2D, the Southwest Community House (whose office building on Q St. and 2nd SW is in the development area), and the SW Neighborhood Assembly.

The new buildings would include 1.4 million square feet of commercial space and 700,000 square feet of residential space.

Will Southwest residents benefit by jobs and training opportunities and own or get income from the new complex, or will it just be headaches and a nuisance for Southwest? These questions will be raised.

MC Karen Campbell of WHUR and keynote speaker Congressman John Conyers with his plaque.

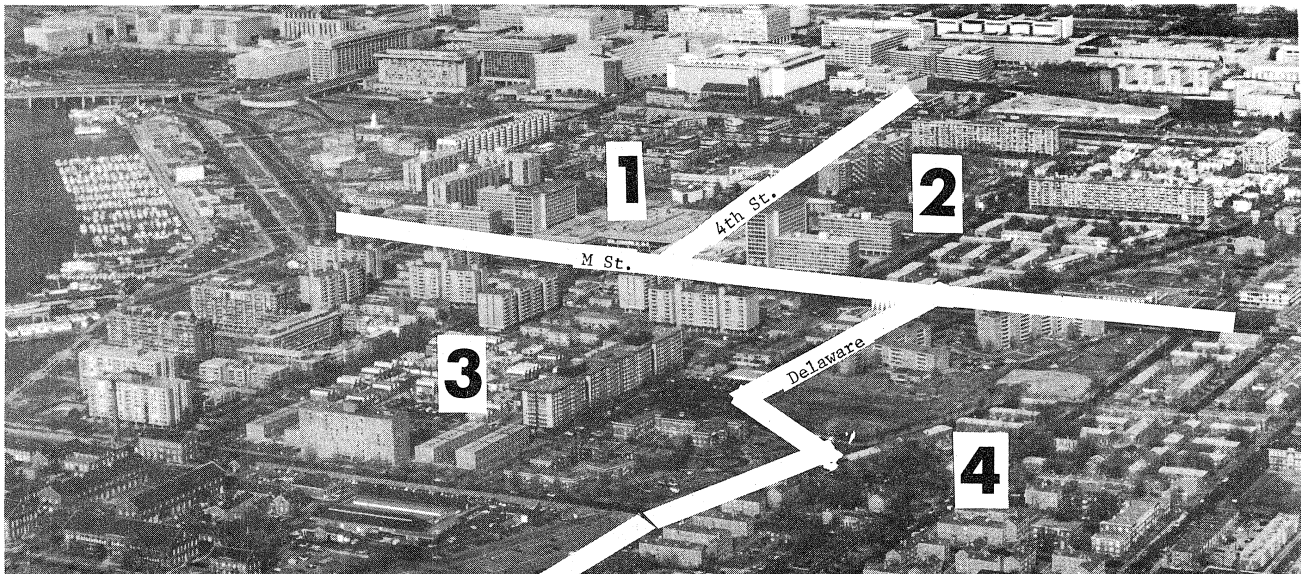

(See story and pictures on page 8 - BLACK HISTORY MONTH PROGRAM)

Reeves vs. Polk vs. Anderson

Face-to-face discussions will show Southwest residents the candidates for top community offices on Wednesday March 25 from 7 to 9 pm at the Riverpark Cooperative Homes south commons room, 1311 Delaware Ave S.W.

The public is urged to attend and ask questions or listen to candidates in the Friday and Saturday March 27 and 28 election of officers of the Southwest Neighborhood Assembly (listed on page 6 of this issue of The Southwester).

S.W. Neighborhood Assembly Election Districts—see Candidates p. 6

All four areas of Southwest will vote for top officers of the Southwest Neighborhood Assembly (President, Vice-President, Secretary and Treasurer) at the March 27-28 election at a booth at Safeway 4th and M S.W. - Fri. 5-7 pm, Saturday 10 am till 6 pm. Residents of each area will elect their own members of the Board. Residents of area 1 will elect two, residents of area 2 will elect three board members, residents of 3 will elect 3 and of area 4 will elect three board members. See the statements by candidates on page 6).

Tables and chairs were ready for customers when Wendy's opened for business on I St. S.E. near South Capitol St.

Auction For The Arts

An auction fundraiser will be held in May to raise money for arts and crafts classes taught by local residents to youth and adults in the SW community.

Wesley Long will be the auctioneer as he has been at the outdoor auctions at the Southwest Festival of the Arts early in June in past years. This auction will replace that auction, in the hope that more money can be raised at an indoor live and silent auction with a wine and cheese social.

Sponsors are the auction committee of the Southwest Festival of the Arts, Helen Westbrook, chair, who says:

"Let us work together to nurture the talents of our future artists here in Southwest! If you would like to give some of your time to helping with this event, or would like to contribute a gift or service for the auction, please contact (me) at 554-1448."

Women Entrepreneurs At Convention Center

Matching buyers and sellers will be the object of a "marketing spectacular for women" called MEGA MARKETPLACE at the D.C. Convention Center Thursday April 7. The 13,000 women business owners in the D.C. area and others in the five mid-Atlantic states are urged to attend to meet buyers and contractors from government agencies.

Less than one percent of federal government procurement dollars go to firms run by women, although women own 25% of the small businesses.

For information contact Sue Solomon at the Department of Commerce 377-0470.

The 1986 MEGA MARKETPLACE attracted 780 women business owners.

ANC

ANC News

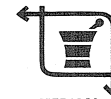

ANC 2D will support the location of a new Metro bus garage at 12th and M St. S.E. at a March 30 hearing at 7:30 pm at Van Ness Elementary School.

Public housing is in a state of emergency, according to a Council resolution supported by the ANC. If passed by the District Council, the resolution would require monthly reports by the mayor until the emergency is over.

Overcrowding of the SHACK clinic at New Jersey and K St. S.E. is charged by the ANC. Services should be limited to 250 clients, according to the ANC.

The Commission voted to select a Member of Congress to convince of the immediate need of statehood for D.C.

Lunch Hour Discussions On Stress, Anger

A new kind of "power lunch" is now available every Wednesday noon at Mt. Vernon Place United Methodist Church's Shure Chapel at 900 Massachusetts Ave. N.W. across from the Convention Center.

The hour includes music, relaxation and a brief spiritual message, followed by a bring-your-own lunch and discussion on such human problems as anxiety, alienation, anger, stress, illness and resentment.

The program is led by the Rev. Bernard F. Hillenbrand, who says, "We welcome people of all faiths or no faith. All of us who face the difficulties of modern life need spiritual power to help us survive the tensions of daily living." Daily messages may be heard by dialing 393-4673. For information contact Mr. Hillenbrand at 347-9620.

Seder April 14, Mini-Seder April 18

Temple Micah, the Jewish Congregation in Southwest Washington, will hold its Seder on the second night of the eight day Passover celebration, April 14th at the Temple, 600 M St SW.

The Seder Service is a very special dinner with an elaborate ritual in which each participant acts as if he or she were to be delivered to freedom from the Egyptian bondage of thousands of years ago - the first historical instance of liberation of oppressed and enslaved people.

A morning service, including the Yiskor, or Memorial Service, will be held at 10:30 am Monday, April 20 at the Temple. A Special "Mini Seder" for children from Pre-Kindergarten to 3rd grade (ages 4 to 8) and their families will be held at 9:30 am on Saturday, April 18 at the Temple. The two-hour program will consist of music with Temple Micah's Music Director Teddy Klaus, story-telling with Rabbi Daniel G. Zemel, and a Mini Seder meal and ritual. For more information call the Temple Micah office 554-3099.

Black History Month Program

Black History Month Program
by Thelma Jones

A tour of the World Bank's Investment Department helped to inspire good attendance when over 400 attended the Third Annual Black History Celebration on February 11 at Jefferson Junior High. JJHS won the tour for highest attendance (148) and Anthony Bowen Elementary School was recognized for highest percentage (115). The event was sponsored by the SWNA in conjunction with the S.W. Branch Library, JJHS, Amidon, Bowen and Syphax Elementary Schools, which will use the proceeds for library books, supplies, and youth programs.

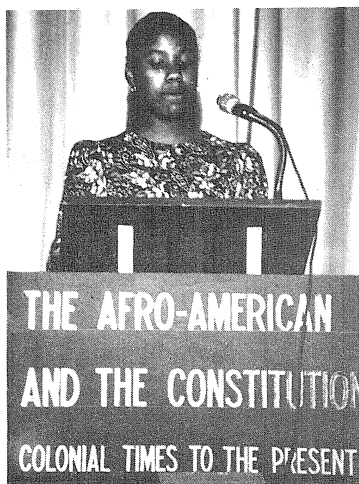

Platform guests included keynote speaker Congressman John Conyers (D-Mi), Mayor Marion S. Barry, Mistress of Ceremonies Karen Campbell of WHUR, Councilmember John Wilson, Council Chairman David Clarke, Father Norman Haddad (pastor, St. Dominic's Church), and SWNA President Willie Lloyd Reeves. Attending principals were Vera M. White, JJHS; Pauline S. Hamlette, Amidon Elementary; and Edward Wells, Anthony Bowen.

Grand performances confirmed that there is a vast wealth of talent in Southwest - Jefferson and Bowen with their choral presentations, Syphax's Shed Dawson's reading, the arousing rendition by the dainty little Watson sisters of Amidon and the high-spirited JJHS cheerleaders.

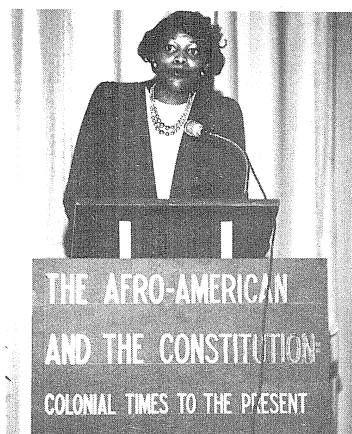

While Congressman Conyers, who was presented with a plaque, left us with some welcomed thoughts on the development of the Constitution, MC Karen Campbell jokingly noted that he had a bit of competition from student Shrylnee Johnson who recited the speech which won her a \$500 savings bond as first place in the Velma B. Johnson Oratorical Essay Contest - "The Afro-American and the Constitution: From Colonial Times to the Present")

Although the program was free to the public, proceeds from it will be shared by the sponsoring groups. Appreciation is expressed to Calligrapher Sylvia Keys who contributed over \$300 worth of eloquent writing for the promotional flyers and program. Special thanks to the Black History Committee members, corporate sponsors (Alpha Resource Centers, Inc./Skills Bank and the Video Channel), and donors and patrons.

SWERS At Ch. 26, 32 Telethons

TELEVISION 26 • RADIO FM91

Channel 32 raised \$4,000 during the four hours that Southwest residents volunteered to answer the phones during the station's telethon, and Channel 26 raised \$12,000 during a similar period with the help of Southwest volunteers.

Those who lent their time and energy to do a good deed and enjoy the behind-the-scenes of live TV were SWNA President Willie Lloyd Reeves, Robert Abney, Faye Ansari, Isabella Gellelich, Hansel Goldfman, Charles, W. Hargrave, Iona Hargrave, Ronald Higdon, Bob Holland, Brenda Lyons, Lavern Jackson, Rod Johnson, Thelma Jones, Donald Macdonald, Jeannie Macdonald, Anne Naruta, Loretta L. Reeves, Elysa Smith, Renee Stackhouse, Connie Street, Juanita Tribble, Louis Tribble, and Pat Turner.

At Ch. 32 WHMM President Reeves was given an opportunity to talk about the Southwest Neighborhood Assembly and its program. On-air personalities at both stations recognized the Southwest volunteers frequently.

Anne Naruta of River Park won a WETA tote bag as a door prize.

A bonus for the evenings was SWNA's ability to attract volunteers to neighborhood activity - Brenda Lyons for Secretary of SWNA, Jeannie Macdonald for Treasurer of SWNA, and Rod Johnson, Louis Tribble, Juanita Tribble and Renee Stackhouse as mentors for the Youth Task Force summer jobs program.

Thelma Jones, coordinator of SWNA's telethon efforts, recently used her fundraising skills to win second place in securing 18 pledges totalling \$1,190 for Trinity College, where she is a student of the Trinity Weekend College.

Ms Jones reminds all to be ready for similar telethon work in the fall. Time spent by volunteers is counted as "in-kind" donations for matching funds by the Corporation for Public Broadcasting.

Bus Garage Favored At 12th & M, S.E.

The 12th and M St. S.E. site for a new Metrobus garage has been favored by the National Capital Planning Commission, the federal agency which monitors planning and construction affecting the federal interest in the Washington metropolitan area.

This site is owned by Washington Gas Light and is north of a 200 foot strip of Federal parkland along the Anacostia River. The Commission recommends that the new construction be landscaped to screen it from the SE Expressway

and Eleventh St. Bridge approaches. Parking for 250 employees would be on public land under the freeway, now used by Navy Yard employees. A new parking ramp is being built in the Navy Yard.

The Washington Gas Light site has been zoned for industrial uses since before the 1952 zoning revisions.

Two other sites were ruled "unacceptable" by the Commission - the Pepco site on Buzzard Point in SW and the present site at South Capitol and M St.S.E.

Putney Brown Enjoys Central State U

Spring football practice started April 23 at Central State University, Wilberforce, Ohio, where Lawrence "Putney" Brown is in his second semester. College is much stricter than high school, says Brown. The library is open 24 hours a day six days a week, so excuses are not accepted for failure to do homework.

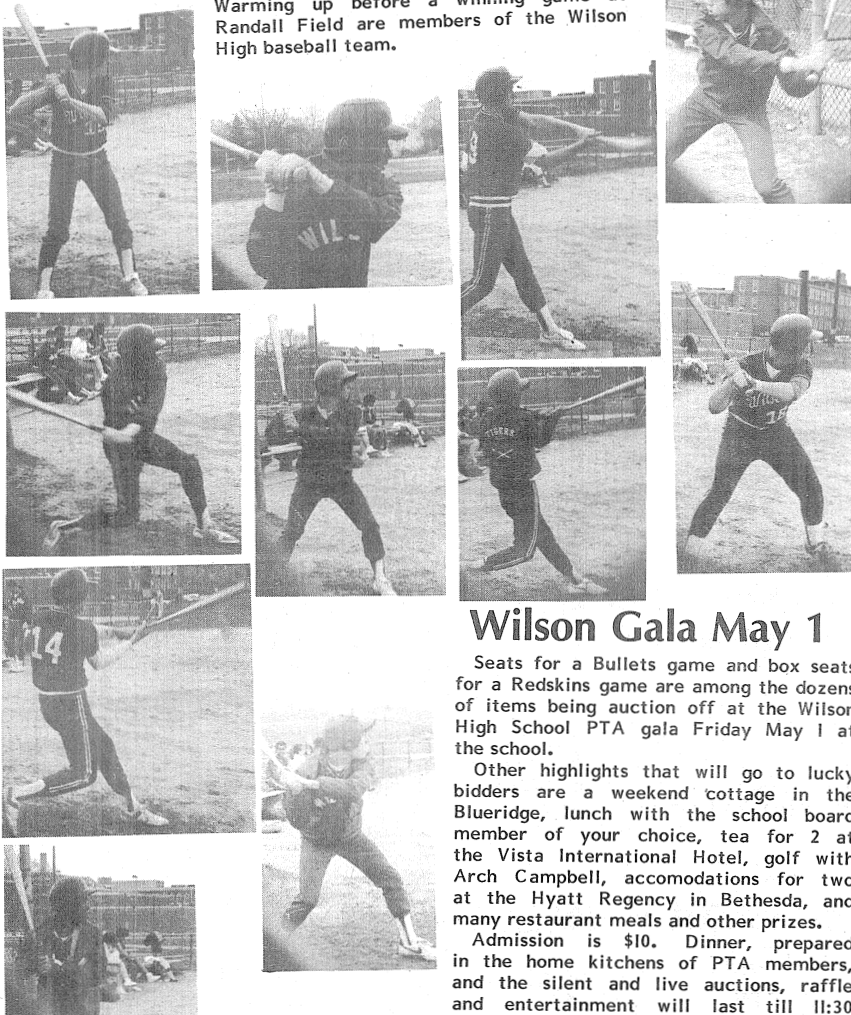

The college is an hour from Dayton, the closest big city.

One thing he noticed is that other students are impressed when they learn he is from Washington, D.C. They are amazed that you can drive by the White House frequently and even see the Capitol dome from Southwest neighborhood streets.

Brown was a wide receiver on the Wilson High School football team and played in the citywide all-star game last summer.

Wilson Gala May 1

Seats for a Bullets game and box seats for a Redskins game are among the dozens of items being auction off at the Wilson High School PTA gala Friday May 1 at the school.

Other highlights that will go to lucky bidders are a weekend cottage in the Blueridge, lunch with the school board member of your choice, tea for 2 at the Vista International Hotel, golf with Arch Campbell, accommodations for two at the Hyatt Regency in Bethesda, and many restaurant meals and other prizes.

Admission is \$10. Dinner, prepared in the home kitchens of PTA members, and the silent and live auctions, raffle and entertainment will last till 11:30 pm.

Anacostia River Studied

A meeting at Anacostia High School in Southeast Washington and a bus tour were scheduled as the climax of April, Anacostia Month, to improve the Anacostia River.

The public meeting in the morning of Saturday, April 25, was scheduled to inform several hundred people about the National Park Service land along the river and the history of the river.

The bus tour scheduled expert guides to visit trouble spots, soil erosion and waste management problems of the river.

The information number for the project is 984-1908, the Interstate Commission on the Potomac River Basin.

River-Clean-up Day

Saturday, April 25 was designated "Anacostia River Clean-up Day", with the Seafarers Boat Club at 19th and M St S.E. and other yacht clubs seeking volunteers to wear work clothes, gloves and shoes and to bring a picnic lunch for an 8 am to 4 pm outdoor adventure.

The slogan "The Anacostia, Our River, We Mean to Keep It Clean," set the tone for the campaign. Howard Gasaway, Commodore of the Seafarers (544-7333) has been a key figure in the effort.

The Crucible At Arena Stage

In "The Crucible" at Arena Stage until July 12, these young girls of Salem Massachusetts in 1692 saw spirits and heard voices, starting a six-months witchhunt in the village.

Federal Plans on July 2 Agenda

Two billion dollars of federal construction in the Washington area over the next five years will be on the agenda of the National Capital Planning Commission at its July 2 meeting.

Ft. McNair, the Navy Yard, the S.E. Federal Center, and marinas on Buzzard's Point are included in the 1988-1992 Federal Capital Improvements plans.

At Ft. McNair \$33,000,000 will be spent for design and construction of a new administrative and library facility for the National Defense University in Fiscal Year 1988. In 1991 the gymnasium will be converted to a chapel for \$1.5 million. Officer family housing will be made out of an empty building for \$2 million.

At the Navy Yard \$20 million will be used in FY 88 to convert Buildings 36 and 157 to office space. At the Naval Station Anacostia \$5 million will be spent in FY 88 to build avehicle maintenance and repair garage.

At the Southeast Federal Center on M St. S.E. next to the Navy Yard the General Service Administration's plans to spend \$85 million to renovate two buildings in FY 90 and FY91 have been deleted.

The Southeast Federal Center is 60 acres of government owned land and is next to the Green Line's Navy Yard Station.

On the Anacostia River the National Park Service plans to spend \$3.8 million to rehabilitate the Ft. McNair and Buzzard Point Marinas in FY 1990.

Come Out To Vote On Bottle Bill Some Say "No" Some Say "Yes"

"Carrying dirty, loose bottles and cans back to the store," is the image the Vote No forces stress in describing Initiative 28, the "bottle bill" that will be on the ballot in D.C. next November.

Southwest residents will hear both sides of the question at the monthly meeting of the Southwest Neighborhood Assembly Thursday, June 25 at 8 pm at St. Matthews Lutheran Church at 3rd and M St. S.W.

"Returning the empty containers is just the first problem," say the opponents. "You will also have to find room to store them between trips to the store. And storing dirty bottles and cans around the house is an open invitation to all kinds of pests, including rats, mice, and roaches."

"Better suggestions" would be voluntary recycling as in Maryland, and a litter control law as in Virginia.

"Turn Trash Into Cash With A Bottle Bill" is the solution to broken bottles and littered cans, according to the supporters of Initiative 28 on the November ballot this year.

S.W. residents will take a show of hands - Yes or No - on the bottle bill at the monthly S.W. Neighborhood Assembly Meeting Thurs. June 25 at 8 pm at St. Matthews Church, 3rd and M St. S.W.

The Vote Yes citizens say "Broken Glass Down/Public Safety Up" in the states that have adopted the 5¢ deposit on all bottles and cans.

New jobs will be started for recycling bottles and cans, they say.

SW residents will be asked to vote on the AFL-CIO's proposed changes in the D.C. worker compensation laws, including changes in benefit levels, eligibility, and the length of time for deciding claims.

Police Council Meets

The public can take a tour of the First District Police Station at 415 4th St. S.W. and see a display of "special operations" equipment at 7:30 pm Tuesday July 7th.

This regular meeting of the Citizens Advisory Council will include refreshments and a report on crime.

The First District won the monthly crime reduction award for April and May with reductions in total theft, theft from auto, stolen autos and rape. Some increase showed in robbery and assaults.

At the June meeting Fred Thomas explained the Metropolitan Boys and Girls Club program. The OSAY and Roving Leaders program was explained by Mabel Terrell, Vanda Campbell and Thomas Proctor.

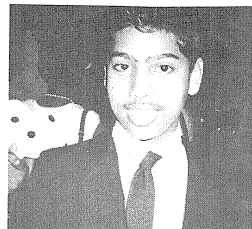

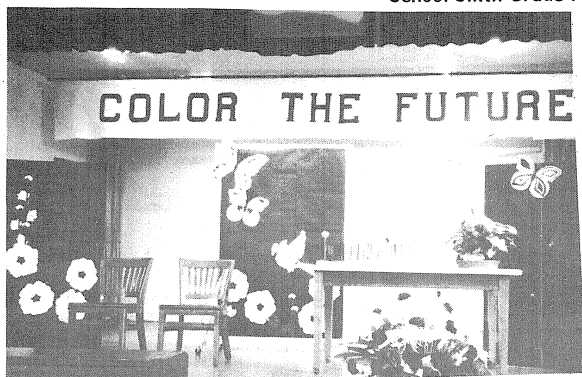

The June Cop's Cop Award went to Detective J.D. Robinson for solving a complicated case in which a man was shot during a fight with several men about an assault on the man's sister.

Pacesetters Beat Renegades

-By Darryl Holt

The defending champions of the Randall Slo-Pitch league, the Pacesetters, showed no signs of apathy in quest of repeating as league champions again this year by beating the Renegades 13-1.

Last season the Pacesetters did not win their division, but got hot for the playoffs and went on to win it all. This season their record does not look as impressive, but Coach C. Mitchell is optimistic. "If some of the mistakes can decrease, we have a good chance at knocking off a few ball clubs this year and getting back to the title," he said.

In this game Pitcher Adolph Payne gave up only 6 hits and 1 run. The team took a 9-0 lead before giving the Renegades a run. Andre Wilson's grand slam homer gave the Setters a 4-0 advantage and sent word to Renegade fans that it was going to be a long game. "Indeed it was," said Jerry Maynard, the Renegade's only run scorer. "We made too many mistakes out there today and it shows in the game score."

The Renegades seemed to be playing hot potato instead of softball, with dropped balls and bad throws that would have made it easy for a pee-wee team to beat them.

Pacesetter fans chanted "Bring on the Raiders," at the end of the game - referring to Dan's Raiders, one of the league's powers this season.

In another game the same evening S.W.A.C. was walloped by the S.E. Express, 14-3.

S.W. Festival Report

The S.W. Festival of the Arts received a much needed grant of \$500 from the D.C. Committee to Promote Washington to help with the escalating costs of putting on an outdoor festival.

The S.W. festival was featured in an article in the May issue of Washington Living magazine.

The festival's separate auction was chaired by Helen Westbrook. Proceeds will fund classes in arts and crafts for S.W.

The artist-in-school financed this year by the festival was Sylvia Keys, who taught a class in calligraphy at Jefferson Jr.

Funds raised by the white elephant sale (\$167) and the book and record sale (\$206) will be used for the arts and crafts program.

Riverside Profile

Name: Dexanne Clohan,
a Southwester for 12 years

Occupation: Lobbyist

Favorite Trip: "Two weeks in the Soviet Union, using every scrap of Russian I'd struggled to acquire in the two months before the trip, was a lifechanging experience for me."

Church: "I've been to various churches all my life, but Riverside is the first one where I couldn't predict the sermon with deadly accuracy as soon as the scripture's read. Our pastor invariably sees a twist I haven't seen before . . . and highlights a message for Christians with interests that extend more than a few blocks from home."

Advice: "On Capitol Hill, count your votes *before* asking for a roll call. Off the Hill, spend time with friends who can support your spiritual growth. I suggest Riverside (7th St. and Maine Ave., S.W.) as a good place to start!"

ANC Questions Mayor's Budget

SW/SE ANC 2-D has voted to oppose the Mayor's plan for dealing with a projected deficit. Elements mentioned were his keeping \$17 million of the "windfall" income taxes, raising \$11 million from the telecommunications tax, and postponing a \$8.5 million payment against the accumulated deficit.

Portal Site Construction In 1988

Construction on the "Portal Site" at 4th and Maine Ave. S.W. is just a year away, according to the D.C. Department of House and Community Development. Acting director Robert Pohlman has signed a letter of agreement on general business terms for the project.

The developer, Portal Development Associates, will build office, hotel and retail shops and public use facilities such as a YMCA, a theater for live performances, and meeting room space.

Construction will take seven years and begin in the fall of 1988. The District and the developer "will attempt to work out terms and conditions for disposal of the property by the end of 1987 in a proposed Land Disposition Agreement that must be approved by the D.C. Redevelopment Land Agency (D.C.'s board for urban renewal) after a public hearing early in 1988.

There are no ANC meetings in August.

Deadline for filing a 35 signature petition for ANC candidate with the D.C. Board of Elections and Ethics in the District Building is Wednesday August 5 at 4:45 pm.

A vacancy was created by the resignation of Rita Spivey.

Women Firefighters To Get Own Bathrooms

Women firefighters will have their own showers and toilets at the fire station at 1101 Half St. S.W., under the Mayor's budget, recently approved by the U.S. House.

Thirteen locations will be outfitted. The budget explains:

"Until recently, fire fighting was exclusively a male occupation, hence many of our fire stations were built with only one toilet and locker facility. Now with females entering the workforce it is necessary for us to retrofit these stations with dual facilities... A minimum of one lavatory and one water closet exclusively for female use (will be built). Where space is available, shower facilities are to be included."

Ian McKellan At Olney

Olney Theatre is less than an hour drive from downtown Washington, but it seemed as if it were all the way to Stratford-upon-Avon in England, when the great Shakespeare actor charmed his audiences with history and humor and a few scenes - gripping or witty or just illustrative.

A great show and a gem of a theatre.

More Raps

Hey folks, how do you do?
This is Southwest Tony with some raps for you.
It was just the other day,
When I was feeling Okay,
I was offered some drugs.
I didn't know what to say.
They walked up to me
They said, Hello
They put a knife to my head
And said let's go.
We started riding
All over town.
They said, Don't make a sound.
I looked out the window.
They said Don't even frown.
We got out of the car.
I was looking kind of nervous.
We got on a bus
But the sign said Out of Service.
They started piping it.
I wasn't liking it.
I ran out of the bus in the alley
And started hiking it.
I was ducking through the alley
Right and left
But when the gang caught up
They almost beat me to death.
All of a sudden out of the blue
A car door slammed
And a voice said Tony where are you?
Instantly they were scared.
Their heart full of fear.
That's his father.
Webetter get out of here. .

Pacesetter Beat Express 10-5

by Darryl Holt

Unlike the victory over the Renegades (in last month's Southwester), the Pacesetters didn't look pretty, but nevertheless won a game over the S.E. Express 10-5 at Randall's Adult Slow-Pitch softball league.

Pitcher Adolph Payne, who did splendidly against the Renegades, struggled against the Express, walking several players.

Coach C. Edwards supported his starting moundman, stating, "Most of his pitches were 'marginal'. They could have gone either way. If it had been another umpire, he may have called some pitches strikes instead of balls."

Did that mean faulty officiating? "No," he replied. "They were all close. The umpire used his best judgement."

"They played us deeper outfield than most teams do. That took away our long ball. We can't get the runs in bunches for an inning that we'd like too," Coach Edwards explained.

S.W. Athletic Club: Lack of Support?

by Darryl Holt

Inconsistency and lack of confidence and lack of community support are reason the S.W. Athletic Club slow-pitch softball team is not doing well at Randall Field these nights.

That the Southwest community doesn't support the team is true. Only four players played on the team last year. Many of the players are Howard University student not from S.W. It would help if S.W. residents showed up in the stands at the free games weeknights and cheered for the home team.

Earl "Duke" Patrick who coaches the team feels that inconsistencies and some injuries have been big factors in the dismal season. Without the services of their starting pitcher Wally Perry (hamstring pull) SWAC lost 21-6 against first place 21st Amendment. Even more embarrassing was the 14-3 loss to Southeast Express, a team with a losing record.

Greg Babbs says, "People on our team have other commitments and aren't able to give themselves totally to the team."

Roosevelt Comoti states that lack of hitting power is the factor. "We're not hitting hard enough. We have to put the ball in the hole."

The Brown Brothers Rod and Gregg believe basics, confidence and self-motivation are lacking. "We have a problem getting the ball from the outfield quick enough. It allows the other team to get those extra runs or bases before we can make a play," said Rod.

"Confidence is also lacking," said Gregg. "If something goes wrong we easily get down, and it destroys our game."

This has been a season most players would love to forget, but who knows. Maybe in the future more Southwest residents will show up to play or to root for the home team and Coach Patrick will see the top of the standings and we will be as proud of SWAC as we are of the younger Club 4 football and basketball teams."

What The World Is Like

by Rochelle Y. Jordan

I've seen the world and what it's like.
As a matter of fact it's a terrible sight.

People on the corners selling that trash.
They're the type that have no class.

Education is what it's all about.
Don't be a fool. Don't be a dropout.

If you're in school,
That's the place to be
To learn, work, and get your G.E.D.

Education is the way to feed the brain;
Not crack, not needles, nor cocaine.

If you want to be cool
And reach for the *star*,
Just go to school wherever you are.

If you're hangin' on the streets
Just take a right turn.
Go to school, look, and learn.

If that's too hard
Then pray to God
"That things will work out
Only for the best."

With wisdom, strength, power, and faith,
You can be the best
No matter what it takes.

While you're going around giving kisses
and hugs,
Remember this and say NO to drugs
and YES to your future.

(Ms. Jordan is a sophomore at Dunbar High)

Greenleaf Gardens Due For Renovation

Greenleaf Gardens townhouses north of M St. S.W. and the apartments at 203 N St. S.W. moved a step closer to a long-promised modernization, as the U.S. House voted for the D.C. Appropriations bill recently.

(Even though D.C.'s budget is 80% local tax money and only 20% federal funds, budgets approved by the Mayor and Council can be changed by Congress, under the 1973 D.C. Home Rule Act).

Mayor Barry and the D.C. Council had adopted a \$14,500,000 budget item to be financed by D.C. general obligation bonds, with this explanation:

"..Electrical and plumbing systems are inadequate.

"..Many of the bathroom and kitchen fittings and equipment are unserviceable.

"..Walls require replastering or replacing.
..Sidewalks, parking areas and walkways are in need of repaving. ..The heating systems are obsolete and must be replaced."

The budget states:

"There will be no permanent replacement of people or businesses. However, the project will involve temporary relocation. SRelocation units will be made available through the department's Private Unit Leasing Program."

Most of the construction payments will be made in 1990 and 1991

ESTABLISHED 1964

A \$164 million building to consolidate the offices of the Environmental Protection Agency out of three leased spaces into a government-owned building is under consideration in Congress.

U.S. Senator Robert Stafford of Vermont, who has introduced S.1425 to authorize a new building, stated in the Congressional Record:

"The Environmental Protection Agency at present is located in three places, but the majority of its personnel is housed in leased space at 401 M Street, SW. The lease on this space expires in 1992, and it is important to begin planning now if the Government is to have any alternatives to simply renewing the lease on this building.

"...it is estimated that a building the size proposed in this legislation would cost around \$164 million, plus design cost and site acquisition costs - if the site selected is not Government owned. This is not a small expense, but compare it to the cost of leasing. Given a leasing rate of \$30 per square foot, a 30-year lease of the building would cost \$1.3 billion..."

"The Agency, created in 1970, has grown rapidly to become an integral part of our Government. In the interest of economy, as well as for other reasons, it is a longstanding policy of the authorizing committee (Public Works committees of the House and Senate) that the headquarters of permanent agencies of Government should be housed in Government-owned space."

S. 1425 reads in part:

"That there is hereby authorized to be appropriated to the General Services Administration ...funds necessary for the design and construction of a federally owned building to house the Environmental Protection Agency, which shall not exceed 1,400,000 occupiable square feet on a site to be determined within the boundaries of the District of Columbia."

S. 1425 has been approved by the Senate Committee on Environment and Public Works, but has not come to the Senate floor. It is cosponsored by Senator Stafford, Senator David Durenburger of Minnesota and Senator Patrick Moynihan of New York.

Riverfest & S.W. Festival of Arts—SWNA Meeting

A discussion of the two S.W. waterfront festivals - Riverfest, and the S.W. Festival of the Arts - will be held at the monthly meeting of the S.W. Neighborhood Assembly Thursday, September 24 at 8 pm at St. Matthews Lutheran Church, 222 M St. S.W.

Riverfest, attracting visitors numbering in the hundreds of thousands, is operated by the D.C. Dept. of Recreation and features food and music along Water Street by the row of restaurants.

The S.W. Festival of the Arts, attracting a few thousand visitors, is run by a neighborhood committee of volunteers and is conducted along the walkway in front of the apartment houses from 6th St. to Ft. McNair. Proceeds from food concessions by churches and other groups are used in their own programs. Proceeds from fees for booths and committee-run events are used to finance arts programs benefiting S.W. residents. The S.W. Assembly beverage booth has usually donated its proceeds to the S.W. Scholarship Fund.

S.W. Scholarships Announced

Four Southwest college students, each received \$500 from the S.W. Scholarship Fund of the S.W. Neighborhood Assembly.

Resial Kenneth Shannon, a freshman at Arizona State University in Tempe, Arizona, graduated from Coolidge High School. He was a Congressional Intern at the U.S. House of Representatives, played varsity basketball at Mackin High School and Jefferson Jr. High School, and won the citywide championship in the John Thompson One-On-One basketball competition. He won a gold medal for first place in the citywide high jump competition, was active in Metropolitan Police Boys and Girls Club No. 4 in football, basketball and baseball, including MVP in football.

He has been a production assistant for The Southwester for several years

Summer Basketball

By Wally Perry

This year's OSAY basketball league at Greenleaf Gardens was a big success when it comes to community networking.

Most of the teams participating in this year's league were from the Southwest with one exception. A team from the First District police station entered the league and made its way to the championship finals.

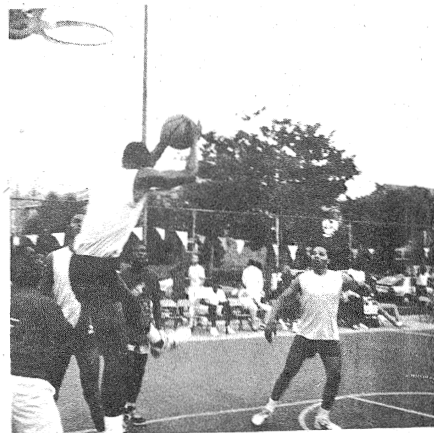

Officer Johnny Walker of First District's Youth Division coached the team. Once the team members showed their basketball talents on the court they were well accepted by the other teams.

"With so many negative clashes between the police and youth in the Southwest community, the local precinct team was a chance to develop rapport between the youth and the officers involved.

Daily operations of the league were handled by ten youth from the Southwest community hired under the Summer Youth Employment Program and assigned to Greenleaf OSAY. They set up the daily functions of the league, were scorebook officials, time officials and were responsible for the upkeep of the basketball courts.

The championship game was played between the First District team (6 wins, 1 loss) and a community team called "Rags."

Nearly three hundred community spectators watched "Rags" win the game by a score of 89 to 74. Both teams received awards in a post-game ceremony. Members of the Southwest Lakers team won the league MVP (Kevin Patterson) and league sportsmanship awards (Paul Taylor).

Discussion With Actors Trade Center Proposal At Noon-time Matinees Moves From S.W. to 14th and Penna. N.W.

A lunchtime matinee series of plays at Arena Stage at 12:30 pm Wednesdays will include the following dates:

Oct. 28 - All the King's Men

Jan. 6 - Light Up the Sky

Feb. 17 - Les Blancs

May 4 - The Cocoanuts

June 1 - The Cherry Orchard

The performances are followed by discussions between the audience members and cast.

Subscription price for the five plays is \$66.25. Individual tickets are not sold.

Deadline is October 1. Mail checks to:

Theatre Seminar

11 Lakeside Overlook

Rockville, Md. 20850. All inquiries must be directed to Patricia Ogburn at (301) 762-4247, who has organized this program since 1971. Chartered bus service from designated places in Montgomery County is available. Audio narration and sound enhancement earphones for visually and hearing impaired patrons are available.

Arena Stage Has \$6 Tickets For Student Matinees

Students with valid ID can purchase a \$6 ticket for an Arena Stage play to be performed Wed. Oct. 14 at 12:30 pm ("Joe Turner's Come and Gone" by August Wilson) or Wed. Oct. 28 at 12:30 pm ("All the King's Men" by Robert Penn Warren). Three other plays at certain Wednesday noons in 1988 will also be offered at this price to students or as a series of 4 for \$20.

Study guides for teachers and after-show discussions with Arena's actors, director or technical staff are available. The study guides provide several essays on the play: detailed synopsis, character outlines, thematic perspective, biographies of the playwright and director, and production history of the play.

The student matinee program is supported, in part, by a grant from the Arena Stage Guild.

Cadet Captain D. Jones, Cadet Commander for the Bolling Cadet Squad, is shown with her superior officers.

The squad will meet Wednesdays from 6:30 pm to 9 pm at the SHACK clinic building at New Jersey and K St. S.E.

The proposal for a huge building between 7th and 10th St. S.W. north of Jefferson Jr. High appears unlikely now that a building for the same purpose is planned as part of the Pennsylvania Ave. renewal.

Congress has approved S. 1550 to build a federal office complex and international cultural and trade center on the federally owned site at 14th St. between Constitution and Pennsylvania Avenues. This is now the large parking lot at the Federal Triangle metro stop behind the District Building. Federal employees park there for \$20 a month.

Construction of an international cultural and trade center in Southwest was opposed by neighborhood organizations.

Christmas Trees At Safeway

Thanks to Sonya Zalubowski you'll be able to buy a Christmas tree at Waterside Mall this year.

According to Safeway spokesman Lawrence Johnson, Safeway will offer apartment-sized trees starting around Dec. 10. This will be the first year the Waterside Mall store has sold Christmas trees.

Without cars, many Southwest residents find it difficult to import a tree from outside the area. Ms. Zalubowski phoned and wrote to Safeway and picked up the support of the SW/SE ANC. Safeway officials to try selling the trees this year. If there is enough demand Safeway will sell trees every year.

The ANC encourages this type of resident action. "Let the merchants know your concerns. Contact the store manager or corporate headquarters. Let the ANC know at 554-1795 or by writing to:

Rent Increases Of 80% To 130% Threatened At Carrolsburg Place S.W.

Tenants in the 1200 block of Carrollburg Place S.W. are being asked to pay rent increases of 80% to 130% under a new law permitting landlords "hardship" increases in rent until they earn a 12% rate of return.

D.C. Councilmember John Ray who supported the new law is being asked to meet with the tenants.

The ANC opposed the increase permitted under the new law.

ANC Chair Bonnie Johnson represents the ANC area which includes Carrollburg Place S.W.

Tel-Court Cooperative 8th Anniversary

Tel-Court Cooperative Housing celebrated its 8th Anniversary with food music and speakers.

Leon Fields is President of the cooperative. Eight years ago the tenants in the townhouses in the 1400 block of Half St. S.W. formed a cooperative and purchased their homes.

Police Banquet

Fri. Oct. 9

An awards and recognition banquet is planned for First District of the Metropolitan Police Department from 8 pm to 1 am Friday, October 9 at Capitol Holiday Inn, 550 C St. S.W. (Columbia Room).

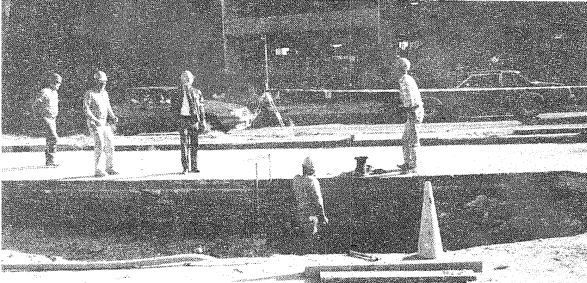

Tickets for \$20 are available through Lt. Avery or Sgt. Reid 727-4643 or at the monthly meeting of the Citizens Advisory Council at 7:30 pm Tues. Oct. 6 at 435 4th St. S.W.

Guest Speaker on Oct. 9 is the Honorable John D. Fauntleroy.

Part of M Street Collapses

Huge slabs of concrete are piled up from a section of M St. S.W. at Delaware Ave. that collapsed when the ground underneath washed away from a water leak.

Metro-rail tunnelling under M St. from the Navy Yard Station to the Waterfront Station at Waterside Mall was thought to be the cause of the break and washout.

Pension Funds Watch Market Nervously

Active and retired members of the D.C. Retirement Funds for fire fighters, police, teachers and court personnel are watching nervously as their billion dollar investment fund is buffeted by the drop in the stock markets.

Investments by the Retirement Board have been 50% equity (stocks - including 5% international equities and 5% venture capital) according to the most recent annual report of the Board for FY86.

The report explains the international investments with this comment:

"In summary, the diversification of equity portfolios across national boundaries can improve returns while at the same time reduce risk. This risk reduction is primarily predicated upon the fact that foreign markets behave differently from the U.S. markets."

Initiative 28 To Cost \$12 Million, Say Opponents

District of Columbia consumers can expect to pay an additional 12 to 15 million dollars annually in higher prices and administrative costs if a mandatory deposit proposal, Initiative 28, is enacted, according to a new economic impact study commissioned by "Clean Capital City Committee."

The study was conducted by noted author, consultant and Howard University Professor in the School of Business and Public Administration, Dr. Leneal J. Henderson with the assistance of Dr. William Barbee, Professor of Finance in the school of Business and Public Administration at Howard University.

The study also shows that business lost to neighboring communities as a direct result of the deposit law would result in \$10 million in lost tax revenues annually for the District.

Two Plans For Buzzards Point

by Gottlieb Simon

A group of developers (called Riverside Associates), including Southwest residents Ron Britt and Walter Lewis want to put up a large mixed use development at 2nd and Q Streets, S.W.

PEPCO, which owns a major chunk of the land South of Q St. S.W., is organizing a group of landowners in the area. They too are considering a mixed-use development.

The Riverside Associates land, next to Ft. McNair, was owned by the Federal Government and therefore was unzoned. Before it can be used for anything, it must be zoned with the approval of the Zoning Commission. Riverside Associates are asking for special zoning (Planned Unit Development) to build 1.2 million square feet of offices and 1,000 housing units.

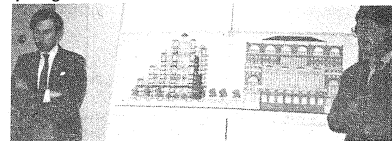

Before commenting to the Zoning Commission, ANC 2D wants to get the views of area residents. Issues will be:

Is the proposed development the right size and configuration for its location

What impact will it have on the current residents of the area? Many already complain of commuter traffic to Buzzard Point.

What of the timing of the development and its relation to the rest of the Buzzard Point area. What effect will separate developments have?

Meanwhile, the city's planning office which had scheduled completion of a planning study of the Buzzard Point area for summer, is running behind schedule. They have notified the ANC that the study won't be ready for 6 - 9 months. As a result Planning Director Fred Green writes that a December Zoning Commission hearing on the Riverside Associates plan (called "Capital Point") is likely to "be moved to the Spring of 1989."

This display shows one of the competing plans for developing Buzzards Point in S.W. The group is Riverside Associates.

Candidate Forum For School Board

School Board candidates will be at a Town Hall meeting Thursday, Oct. 29 at 8:00 pm at St. Matthews Lutheran Church, 3rd and M St. S.W.

Sponsors are the SWNA and ANC 2-D. The Bottle Bill will also be discussed.

Democrats Support Initiative 28 and Jesse Jackson

by Gottlieb Simon, Ward 2 chair

At a town meeting September 30 Ward 2 Democrats voted 60 to 22 in favor of the "Bottle Bill" issue on the November 3 ballot in D.C. and favored Rev. Jesse Jackson for President with 35% in a straw poll.

Ward 2 Democrats joined Wards 1, 3 and 6 and an increasing array of neighborhood and community organizations in supporting the deposit initiative.

(The Southwest Neighborhood Assembly and SW/SE ANC 2D have both given their endorsements to the initiative).

Modeled after successful legislation in 9 other states, the initiative is designed to reduce harmful litter and promote recycling.

Citing the experience in other states, supporters believe Initiative 28 will reduce playground injuries to children, conserve space in diminishing landfills, allow taxes to be used more productively, and bring more jobs to D.C. residents.

Despite the million-dollar PR campaign being waged by the glass and can manufacturers and other special interests, Ward 2 Democrats haven't been taken in.

We know the Bottle Bill makes good sense—dollars and cents, as well as common sense. After all, it only costs a little, and does a lot.

Scare tactics being used by the beverage industry ignore the real health problems that broken glass causes on our streets and playgrounds.

Burke for Board of Education

I am Paul Burke, running city-wide on Nov. 3rd. I can bring good ideas and action to the board. For over two years I taught Math, Physics, and French in Ghana, West Africa. I've also taught computer programming in Venezuela, in Spanish. I've lived in Southwest 14 years, working as a social science researcher at HUD. I have a Bachelor's degree in Math and a Master's degree in Urban Studies, both from Brown University. Here are ideas I'll press on the board:

When parents come to school, students take school more seriously and learn more. We should have child care at parent meetings and arrange short exhibits (art, reading, science projects...) to attract parents. Child care at 5 meetings per year in every school would only cost \$200,000 out of a school budget over \$400 million. I also support a volunteer coordinator at each school to seek out volunteers.

One way of fighting the pressure to act dumb is to (a) form teams of 3-4 students, good students with bad, to drill each other, (b) then test students individually, so the team can't have one student do all the work, and (c) praise teams that get good average scores. Teammates give each other practice and individual attention. Peer pressure begins to work for good grades.

Teachers need more time to trade ideas. When I've observed classes at schools around the city, teachers appear isolated, and I'd greatly increase chances for teacher-to-teacher contact, within and across schools.

For 1% of the school budget, we could buy 3 new books per student every year. After a few years teachers would have a wide choice of good books. When I visited one school, students said they only got 1 or 2 books all year.

I ask for your vote Nov. 3rd. Paid for by: Burke for Bd. of Ed., Box 70412, DC 20024; T. Saunders, Treasurer

Campaigning by Feds?

Political activity by Federal and District of Columbia employees will be permitted under a Hatch Act reform bill that has broad Democratic and Republican support in the U.S. House.

A copy of the committee report explaining the changes in the law can be ordered by phone (225-3456) from the House Document Room in the Capitol Building.

The bill, H.R. 3400, would still have a prohibition against on-the-job political activity and against official coercion. Federal employees would still not be able to give a political contribution to a superior or solicit in a Government building or from a person seeking a government contract.

The House Post Office and Civil Service Committee which approved the bill by a vote of 22 to 0, says it agrees with

President Reagan's statement at the Constitution bicentennial celebration:

"All of us have an obligation to ...participate actively in the system of self-government..."

Safeway To Open Store At 4th And P S.W.?

by Gottlieb Simon
Channel Square residents fear they be inconvenienced by a proposed "convenience" store in their midst.

Derrick Bolding brought the issue to the Octobe meeting of SW/SE ANC 2D. According to Bolding and ANC Commissioner LaVerne Reeves, Safeway holds a long-term lease on space at Channel Square that has been used for a day care center.

Bolding said that the residents heard rumors that Safeway was planning to sub-lease the space for a convenience store. However, Safeway representatives have not responded to their inquiries.

The ANC, therefore, unanimously voted to adopt a motion by Reeves to contact Safeway to find out what they are planning to do and to make sure that it is consistent with the Southwest Urban Renewal Plan and other planning requirements.

Book Sale At Dept. Of State

The second weekend of the annual sale of used books at the State Department will be Oct. 29-Oct. 31 from 10 am to 4 pm daily.

The foreign service wife's association sponsors the sale, which includes used books, stamps, records, arts, etc.

The 23rd St. entrance of the State Department building is used.

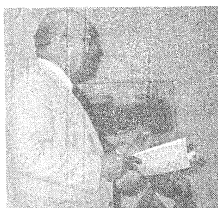

Regular attenders at ANC meetings have been Mark Alexander, executive Gottlieb Simon, Chair-LaVonna Johnson, Vice-chair Lloyd Reeves, and LaVerne Reeves. ANC Commissioners Marian Harris and Marti Springfield have not attended. Commissioner Peakes has been ill.

Tamika Brim, a S.E. resident, is expected to be appointed by the ANC to fill the vacancy resulting from Rita Spivey's resignation.

"Give Jobs To Residents," Says ANC

ANC 2-D is urging the city to require developers who want to build buildings on the public alleys to agree to give hiring preference to D C residents.

The First Source Employment Agreement Act requires that of developers who buy land from the city, but doesn't apply to "alley closings"

ANC executive Gottlieb Simon reports that the issue came up recently when Robert Klinger asked the Council to close some alleys so he could build an office building just north of St. Vincent dePaul Church at South Capitol and L S.E. The alleys are marked on the plat of the area but are not being used as alleys, according to Simon.

If the law is changed, Klinger would have to give preference to DC residents in filling "entry-level" jobs in any construction on the site where the District agreed to close the alleys.

JESSE JACKSON, MICHAEL DUKAKIS

The straw poll on presidential candidates showed both change and consistency compared to a similar poll conducted last May. Once again finishing one-two were Rev. Jesse Jackson (with 35% of the vote) and Governor Michael Dukakis (with 21%). Appearing in third place was Sen. Paul Simon, who failed to win a single vote in the May poll.

Sen. Bill Bradley, who has yet to say he is a candidate, again polled 12% of the vote coming in 4th, well ahead of ex-Gov. Bruce Babbitt (2%), Rep. Dick Gephardt (1%), and Rep. Al Gore.

Rep. Pat Schroeder, whl withdrew from the race a day before the poll, still managed to draw support from 5% of the voters. Surprisingly only 5% said they had no preference at this time.

Attendees at Ward 2 Democrats town meeting also heard from a panel of speakers on "The State of D.C. Politics." The panelists included National Democratic Party Treasurer Sharon Pratt Dixon, writer William Rice, and Gertrude Stein Democratic Club President Christine Riddiough.

"Ward 2 Democrats" is the official Democratic Party organization for voters living in the District's Ward 2 - part of Georgetown, West End, Downtown, and near Southwest/Southeast.

S.W. residents who have seen Jamal in company with his mother, SWNA Vice President Thelma Jones, can believe that Jamal appeared jubilant and lively for the whole parade route.

DECEMBER 1987

P.O. Box 70131, Washington, DC 20004-0131

ESTABLISHED 1964

A row of stars on this map marks the landing and takeoff area for the proposed seaplane base.

Government approval is needed for a new seaplane base to land airplanes with floats in the channel between Ft. McNair and East Potomac Park (Hains Point) and to taxi up to a dock at Gangplank Marina at 6th and Water St. S.W.

Washington Channel Limited-Gangplank has applied to the Federal Aviation Administration (FAA) regional office in New York for the seaplane base. The FAA replied that it would not conflict with existing traffic patterns or airspace structures, but that several conditions would have to be met.

All landings and takeoffs would have to be during Visual Flight Rules (VFR) weather. Pilots would have to be in radio contact with the control tower at National Airport. The FAA would have to have copies of documents approving the operation from the U.S. Coast Guard, Corps of Engineers and the District of Columbia government.

NOISE ABATEMENT
The problem of noise when seaplanes take off will no doubt need consideration. In a 1985 book **FLYING A FLOATPLANE**, the author states, "Seaplanes are noisy by their very nature...[T]hey require the maximum available horsepower from their engines in order to get off the water, and since horsepower is a function of rpm, long, flat-pitch propellers are used to allow the engine to spool right up to its redline speed. The noise you hear as a seaplane takes off is not the sound of the engine, but the howl of that long, flat prop as the tips of its propeller approach the speed of sound, and it is this noise that waterfront residents find so objectionable.

Fortunately, there are a couple of things you can do to reduce the noise...."

Southwest Neighborhood Assembly President Willie Lloyd Reeves stands next to his sister, Loretta Laverne Reeves at the award luncheon of the D.C. Federation of Civic Associations. She received the Grass Roots award for Southwest, where she is on the assembly board and is a commissioner of SW/SE ANC 2D. The award complimented her on "her outstanding leadership in the improvement of various facets of community life."

U.S. COAST GUARD

The Coast Guard asked for public comments in its Local Notice To Mariners last July and August, but received very few replies at the District Office in Portsmouth, Va.

S.W. Property Managers Meet

Preventing fires was the main topic of a meeting of managers of housing complexes held at Skyline Inn in late October.

Ray Alford, deputy fire chief, spoke on the need for a separate evacuation plan in case of fire for wintertime. Arrangements should be made with nearby housing units to use a lobby or meeting room to gather fleeing residents of the housing complex that has a fire.

The fire department has hired more fire inspectors to tell people about simple precautions that could save life and property.

Attending the meeting were representatives of Edgewater and APEX Property Management, Riverside, Carrolsburg, Crescent Properties (Capital Park), River Park, Tiber Island, Town Square Towers, Harbour Square and B.T.M.L. Engineers. All other S.W. complexes are invited to the December meeting which will be at Skyline Inn and hosted by Harbour Square.

L'Enfant Exxon Is Open Saturdays

Beginning Saturday, November 21, the Exxon gas station and garage at 10th and D, St. S.W. is open for all services from 8:30 am to 3 pm.

The station's ad in *The Southwester* lists: "All types of repair work done by skilled mechanics, hand car washes and waxes, paint protection and interior shampoo's," and the station's closeness to the L'Enfant Plaza Metro stop.

Gas Bills Drop?

D.C. Natural Gas, serving 145,000 customers in D.C., expects the average residential heating bill to be \$49 less this year than last. Plentiful supplies of gas and buying on the 'spot market' are reasons given by the company for lower gas bills.

St. Dominic's Fund Drive

St. Dominic's church, the 112 year old Gothic church at 6th and E. St. S.W., has started a "Heritage Fund Drive" to repair the roof and stained glass windows, to provide better access for physically impaired, to improve security, and to restore the 100 year old Roosevelt Pipe Organ. The organ was built by Hillborn Roosevelt of New York, a noted American organ builder.

The fund drive will be the first of its kind within the parish since a major renovation after a fire in 1929.

In announcing the fund drive, the parish states:

"Recognizing the legacy left by former parishioners, many of whom moved out of the parish during the redevelopment of Southwest, the drive attempts to take responsibility for continuing the heritage."
